Considering the job responsibilities and requirements presented to you during your judges' orientation regarding the titleholder you have been entrusted to select, RANK the Top Five Contestants listed below in the order in which you believe each should finish in this competition. Write their contestant numbers and names or titles in the five spaces above. Unlike the other areas of competition, the point value for each placement has been predetermined.

Write the Numbers/Names/Titles (if appropriate) of the Top Five Contestants in the order in which you believe each should finish in this pageant. Think about the job description as well as the qualities and attributes necessary to perform the job of Miss America's Outstanding Teen. Consider all phases of competition and determine the order in which the contestants could best perform the job responsibilities of Miss America's Outstanding Teen and serve as the "face" and the "voice" of this Organization.

The contestant you believe to be the best young lady for this job should receive the first placement; the second best, the second placement, and continue this process until all five have been ranked according to your belief in who would be the best applicant for the job description you have been asked to fill.

The outcome of the pageant is based solely on the scores from the final ballot. These points will NOT be added to the scores from the previous competitions.

ATTENTION JUDGES' CHAIR AND AUDITORS:

The Judges' Chair should type in the Top Ten in competition order in the table below.
The Auditors should be prepared to black out those contestants who do not make the Top Five.
